EDUCATION

Instituto Politécnico Nacional, Escuela Superior de Cómputo. (México)

“Ingeniería en Sistemas Computacionales”, graduating in ~December 2018. GPA 88.5/100

École d'ingénieur généraliste en informatique et technologies du numérique. (France)

“Software Engineering”, from 01/September/2016 to 06/February/2017.

MAJOR SCHOOL PROJECTS

05/2015 - 12/2015. **System for Student Exchange Program.**

Mainly oriented for students who want to know statistics and useful information about the universities that they will visit based on experiences written by previous users.

05/2014 - Now. **Library Management System (SABYFLEC).**

Implemented in +9 Libraries in Naucalpan, México. It all started as a project from school but it eventually became bigger since we were working with a real client.
